TWO TRUE STORIES

The following conversation really occurred in the Normal corridors between a man, who is not a graduate of the Normal, or well prepared in personality, personal appearance, native ability, leadership in church and school work, and a talented young lady with unusual personality, who holds a ninety (90) hour diploma and is well prepared for teaching.

Gentleman: (who receives \$100 per month) "Will you accept a position in the school in which I am teaching,

A GIRL'S GARDEN

Miss Eula Jackson, assistant to the Baptist pastor gave the Y. W. girls a heart to heart talk Wednesday, May 10. Miss Jackson took as her theme "Sweet Peas" and made a comparison between the planting of flowers in a garden and the planting of qualities which make a girl's character. As we plant sweet peas, dahlias and asters in our flower garden so we must plant many things in our other garden.

Miss Jackson brought before the girls thirteen qualities, each beginning with

Lady: "I will not accept any position for so low a salary."

Gentleman: "But you must remember you are a WOMAN and can't expect a higher salary."

"p" which she thought should be included in every garden.

The first was piety. The foundation of the garden is love for God. With that we will keep His commandments and serve our fellowmen.

Patience and prudence are important factors in a girl's life. She has great need for patience, both with other people and with herself, because many times a day a little patience would prevent discord and sorrow. Prudence, or wisdom applied to practice, is often lacking in many of these gardens. However, it is needed in all walks of life.

Over 300 students of the Cape Girardeau Normal school have signed a petition asking for a single student fee which will admit them to all athletic and other school events, including, also subscription to the school paper and annual. The fee shall not exceed \$5.00, and it is estimated that \$1.00 per term would be adequate.

The seventh annual "Journalism week," which is under the direction of the School of Journalism of the University of Missouri, was held May 1 to 5 inclusive. The tone of the gathering was for the higher and finer things in journalism in contrast to the familiar saying: "give the public what it wants if you would succeed."

The Warrensburg State Normal School is going to have a Shakespearean celebration May 23. They will give a pageant containing scenes from plays acted in Shakespeare's time, moving pageants, rustic dances, dances and songs by the school children, and scenes on the green.

At a mass meeting, April 2, at Columbia, the students of the University of Missouri voted unanimously to abolish hazing.

Assembly Notes.

Thursday, May 4, H. P. Swinehart spoke briefly concerning the annual Literary Contest and Field Meet of the Northwest Missouri Inter-High School Association, held at the Normal May 5 and 6.

The program May 10 was given by the Training School. This was a part of their regular school work. It was as follows:

Song—"Greeting Song," by First grade.
Song—"At the Window," by Seventh grade.

Swedish Clap Dance—Second and Third grades.

Song—"Farm Life," by Fourth grade.

Song—"The Cavaliers," by Fifth grade.

Dumb-bell exercise—Fourth, Fifth and Sixth grades.

Song—"The Gingerbread Man," by Second grade.

Song—"Pussy Willows," by Third grade.

Folk dance—"Rhein-lander," girls of Seventh and Eighth grades.

Song, "Solitude," by Sixth grade.

Song—"Tenting Tonight," boys of Seventh and Eighth grades.

Dr. G. D. Strayer of New York Teacher's College spent Monday, May 9, here in the interest of the Carnegie Foundation. In a talk before the students Dr. Strayer discussed the scheme of Public education in the United States. This, he said, was quite satisfactory in a way, but if viewed from another angle presents a different appearance. Education is the instrument to make and preserve our democracy.

War has made us think of the obligation one owes to his country. America has been regarded as the land of opportunity. It may mean "obligation." This is a new idea for the most of us.

The ideal of German civilization is to develop God-fearing patriotic citizens. The English ideal is that of a responsible government; it must be and do, what the people want.

The United States is most influenced by the English idea. The American is independent; he desires merely the right to go ahead without interference. Individualism is still his most dominant characteristic.

Through necessity, however, the American has been driven to some degree of co-operative endeavor. The question arises, "are schools as now organized contributing to the socially minded individual or adhering to the individualistic idea. To make the democracy grow we must have an increased feeling of responsibility and obligation on the part of every individual. We must have a revolution of ideals and stress the idea of obligation. The teacher must develop this ideal in her pupils.

The teacher has the greatest obligation in the history of the world, to make the Democracy bigger and better, else he has failed in his trust.

Let us think in terms of ideals, not knowledge of facts.

Senior Notes.

On the afternoon of Wednesday, May 3, the Senior class gave an informal tea to the faculty and students of the school. This was the last of a series of teas which have been given by different organizations during the quarter. Early in the summer term the literary societies will take advantage of this delightful method of welcoming the new students, and the custom will be continued.

Lowell L. Livengood will go to Kin City next fall to instruct in history and agriculture in the high school.

Robert McClintock has accepted the position of principal in the Clearmont school.

Miss Villa Waller will teach the first four grades at Pleasant Ridge.

The first grade at Jameson will be taught next year by Miss Younger.

Hilbert Garrett will go to Pickering next year to become principal of the school there.

Training School Notes.

Miss Hettie Anthony talked to all of the Training school children during their assembly hour May 10. She told them how to make bandages, how to bandage and gave them some useful instruction on first aid to the injured. The work was made clearer to the children by illustrations.

The training school children are collecting paper. The money made will be used by the children to buy what they wish.

The Eureka and Philomathean literary societies are working on a program which is to be given the last day. They will invite the training school and the bigger societies upstairs for which these two were named.

The Kindergarten and the first four grades have planted popcorn. The popcorn raised will be used to decorate the rooms and Christmas trees and also for the little parties which the children have. Later they will plant pumpkin seeds to raise Jack-o-lanterns. They have planted flower seeds and vines which will later decorate their play house.

Forty children are helping in the Shakespearean pageant which will be given by the Senior class June 12.

Alumni Notes.

Egbert Jennings, '12, has resigned his position as county superintendent of Gentry county to accept a position as superintendent of the King City schools. Mr. Jennings will assist in the department of education at the Normal during the summer.

Miss Gretchen Jennings, '15, has been appointed county superintendent of the schools of Gentry county to fill the vacancy caused by the resignation of Egbert Jennings.

Miss Mattie Dykes, '15, has accepted a position in the high school at King City as teacher of English.

Miss Grace DeMotte, '14, will teach in the high school at Weatherford, Okla., the coming year.

Fast Track Meet; Literary Contest A Success.

A large crowd attended the seventh annual track and field meet of the Northwest Missouri Inter-High School Association which was held on the Normal athletic field Saturday, May 6

The events moved off without delay under the efficient co-operation of the officials.

The following schools were victors: St. Joseph (Central), championship cup; New Hampton (Class C), won class B cup; Breckenridge won Class C cup. The relay cup went to St. Joseph Central.

Five records were broken: The high jump, 5 ft. 6¾ in., by Stone of Ridgeway, raised Simpson's 1913 record by one-half inch.

The hop-step and jump, 42 ft. 8½ in., by Ralph Yehle of Maryville raised Simpson's 1913 record of 42 ft. 3¾ in.

The low hurdles in 27 1-5 sec., by Castle of St. Joseph, lowered his own 1914 record of 27 1-5.

The broad jump, 21 ft. 9½ in., by Castle of St. Joseph Central, raised Simpson's mark of 21 ft. 1¼ in., in 1913.

The half mile relay race in 1 min. 40 sec., by St. Joseph Central team, lowering their own record time in 1914 of 1:40 3-5.

The literary contest Friday night, May 5, drew a large crowd of interested listeners who eagerly awaited the decision of the judges which was given about 11:30.

The extemporaneous speaking, a new feature this year, created considerable amusement as well as favorable comment in regard to its value. Two of the speakers chose "Preparedness" as their theme, one taking the negative side, the other the positive, making a short but lively debate. The other two contestants chose "Advantages of Country Life," and both agreed that it was the life for them.

Music furnished by the orchestra of St. Joseph Central high school under the leadership of W. C. Maupin, was enjoyed by all.

protested by the Normal players. Both runners should have been called out at the home plate. Conception made another score in the second inning and two more in the eighth.

Two of Maryville's runs were made in the sixth and one in the ninth. Maryville got twelve hits to Conception's eight.

In the last part of the game when the Normalites saw it was impossible to beat ten men they changed the line-up—Scott pitched, Tilson caught, Hickman played first, Wakeman played short, etc. Conception got two runs off this new combination.

Coach Palfreyman said that the Normal would schedule no more games with Conception College as far as he was concerned. Last year the 'Bear Cats' received similar treatment from Conception.

The Normal team was white washed May 11, by Missouri Valley, the score being 8-0. The team "Kid" Nichols,

a former big leaguer, brought here was certainly a pennant winner.

A few bright spots in the Normal's playing were the three baggers Scott and Leech clouted out. Then Mercer got a two bagger. But even then Missouri Valley's catcher, Green, went one better and got a home run.

Miller and Scott both stopped a red-hot one and made good throws to first. But the bright spots were all in vain. The old saying still holds good—"Long hits win the applause, but it's team work that wins the game." Missouri Valley certainly had the team work.

Fine school spirit was shown by the students, out of our two or three hundred, four or five were present.

The faculty and training school are to be commended for they were on the job.

But the students — well, they were conspicuous by their absence. Yes, fine school spirit! Just when the "Bear Cats" go into their hardest game the students show a yellow streak and stay away. Go to it students, that's the way to put out a winning team.

A Girl's Garden.

(Continued from page one)

In our speech prudence would prevent hasty promises and unkind criticisms. It would aid in the proper use of time for our work and play. Nor should it be lacking in the smaller details of selection in reading and in our money matters.

Pleasure must not be neglected in this garden. The Christian young woman has the greatest opportunity for pleasure. She should make use of it because God certainly intended for us to be happy or He would not have given us so many things to enjoy. Praise is very closely connected to happiness because it is the outward expression of the inward feeling.

Patriotism is often thought to be only for men but it has a place with women. They, as teachers have a great opportunity to develop purity in a nation.

Very closely connected are three things which are old yet must ever be new — purpose, preparation and perseverance. With an aim we have a goal to reach, with preparation we know how to reach it, and with perseverance we will certainly realize our ideals.

Our ideal should be perfection in motive. To aid us in the strife for the ideal we need power which is obtained from Him thru prayer.

Finally, when the garden is planted, we have Peace. Our soul is quiet with contentment.

Harry A. Miller Talks in Bigelow.

Harry A. Miller, head of the department of Reading and Public Speaking, is in great demand by the schools of Northwest Missouri, especially at this time of the year.

Last week he delivered the commencement address at Bigelow. Mr. Miller was very enthusiastic in his praise of Bigelow. This is a consolidated school which takes in about twenty-three square miles. A house and garden plot are furnished for the principal.

Mr. Miller had an engagement at Corning but it was postponed on account of rain. On the afternoon following his commencement address he delivered another to Bigelow school taking Pres. Richardson's place.

This week Mr. Miller is to speak at Mound City, Craig and Tarkio. He has a call from Grant City for the 27th, but he is not sure he can fill it.

Shippa—Palfreyman

George Palfreyman Jr., assistant in Manual Arts and Physical Education for men, and Miss Blanche Shippa were married at the home of Mr. and Mrs. George Palfreyman, Sr., St. Joseph, Mo., Sunday, May 14, at 2:30 p. m. The ceremony was performed by Rev. C. M. Chilton, pastor of the First Christian church of that city, the ring service being used. The only attendants were the flower boy, Joseph Palfreyman, brother of the groom and Virginia Katherine Bennett, the little niece of the bride, who carried the ring in the petals of a white rose. The couple came to Maryville Wednesday, where they will make their home. Mrs. Palfreyman, who has always lived in Maryville is a former student here. She has taught for the past two years.
